## Introduction

This herbarium is a final product of the common work developed by the schools involved in the project "Towards a greener future" (Ecole Saint Christophe Maternelle et Primaire, in Lorient, France, 12/th Dimotiko Sxoleio Amigdaleona Kavalas, in Kavala, Greece, Circolo Didattico Viale Cesare Battisti, in Recanati, Italy, Szkoła Podstawowa z Oddziałami Integracyjnymi nr 21 im. Henryka Sienkiewicza, in Gliwice, Poland, Scoala Cu Cls. I-VIII " Vasile Lucaciu", in Carei, Romania, Osnovna Sola Franca Rozmana Staneta, in Ljubljana, Slovenia, Col-Legi Episcopal "Mare De Deu De L'academia", in Lleida, Spain) created within the framework of Lifelong Learning Program - Comenius.

With this assignment students presented interesting species of trees and shrubs found in their vicinity. The research they have done engendered curiosity and fascination with the world.
